THIRD TERM EXAMINATION

PART ONE: Reading
Read the text carefully then do the activities

There has been a strong support and sympathy for Israel from Western governments and many citizens over the Hamas attacks, but the Israeli response has also prompted anger, particularly in Arab and Muslim countries following The death toll in Gaza which has climbed to 7,650 dead. In addition, the world has witnessed the savageness and cruelty of Israeli invaders after killing innocent citizens including: children, women; old and sick people in the tragic and heartbroken explosion of the famous hospital in Gaza. As a result, Hundreds of thousands of demonstrators rallied in cities in Europe, the Middle East and Asia on Saturday to show support for the Palestinians as Israel's military widened its air and ground offensive on the Gaza Strip.

Standing for Palestine was also widely acknowledged by many famous figures and celebrities **who** have used their social media platforms to express support for Palestinians, leaving many of their fans stunned. For instance, The Turkish President Tayyip Erdoğan said:" Israel was

an occupier", and repeated **his stance** about Hamas not being a terrorist organization. The Supermodel Gigi Hadid on Instagram reaffirmed her "deep empathy for the Palestinian struggle. Mark Ruffalo also posted "…we pray for the safety of the innocent people of Gaza who are being bombarded and besieged,".

It is believed that Palestine is a very important spot since **it** is the birthplace of Judaism and Christianity, and has been controlled by many kingdoms and powers, but why are innocent victims are paying the price so heavily for the greed and hidden intentions of great powers of the world?
